AUTOMA 2026 **AUTOMA+**

ABOUT AUTOMA CHEM 2026

AUTOMA Chem 2026 is a key B2B platform focused on **digital transformation across all stages of the chemical value chain** — from production and processing to logistics and sustainability. The event brings together decision makers, technical leaders, and experts from **chemical producers, EPCs, CDMOs, industrial gas suppliers, biotech companies, and technology developers**. Attendees share insights, explore market trends, and discover digital solutions aimed at increasing efficiency, improving safety, and driving sustainable innovation in the chemical industry.

This year’s agenda will highlight AI-driven operations, Chemical Plant 4.0, digital supply chain optimisation, and sustainability automation. Expert-led sessions will cover topics such as Digital Twin & Lifecycle Thread, emissions and energy monitoring, R&D digital tools, and circular value chains — bridging strategy and technology to drive a smarter, greener, and more innovative chemical industry.

HOST SPONSOR:

MEET THE AUTOMA SERIES

AUTOMA (Oil & Gas) — Digitalisation & automation across upstream, midstream and downstream to increase efficiency, safety and decarbonisation.

AUTOMA+ (Pharma) — GxP-compliant digitalisation from R&D to commercial manufacturing: MES, data integrity, AI & advanced analytics.

AUTOMA Chem (Chemicals) — Plant 4.0 for chemicals, AI-driven operations, digital twins, sustainability automation and smart & autonomous operations.

SHARED COMMUNITY. PROVEN FORMATS. ONE SERIES.

OUR KEY PARTNERS 2026

AUTOMA Chem receives strong support from its valued partners across regional, national, and global stages. For the upcoming edition, we are proud to collaborate with Evonik Operations GmbH as the Host Sponsor and WACKER Chemie AG, Burghausen site, Covestro AG, LyondellBasell, and Worley as our Regional Partners. These companies continue to shape the future of the chemical industry, driving the adoption of digital technologies that enhance efficiency, reliability, and sustainability.

WACKER

EVONIK OPERATIONS GMBH: HOST SPONSOR OF AUTOMA CHEM 2026

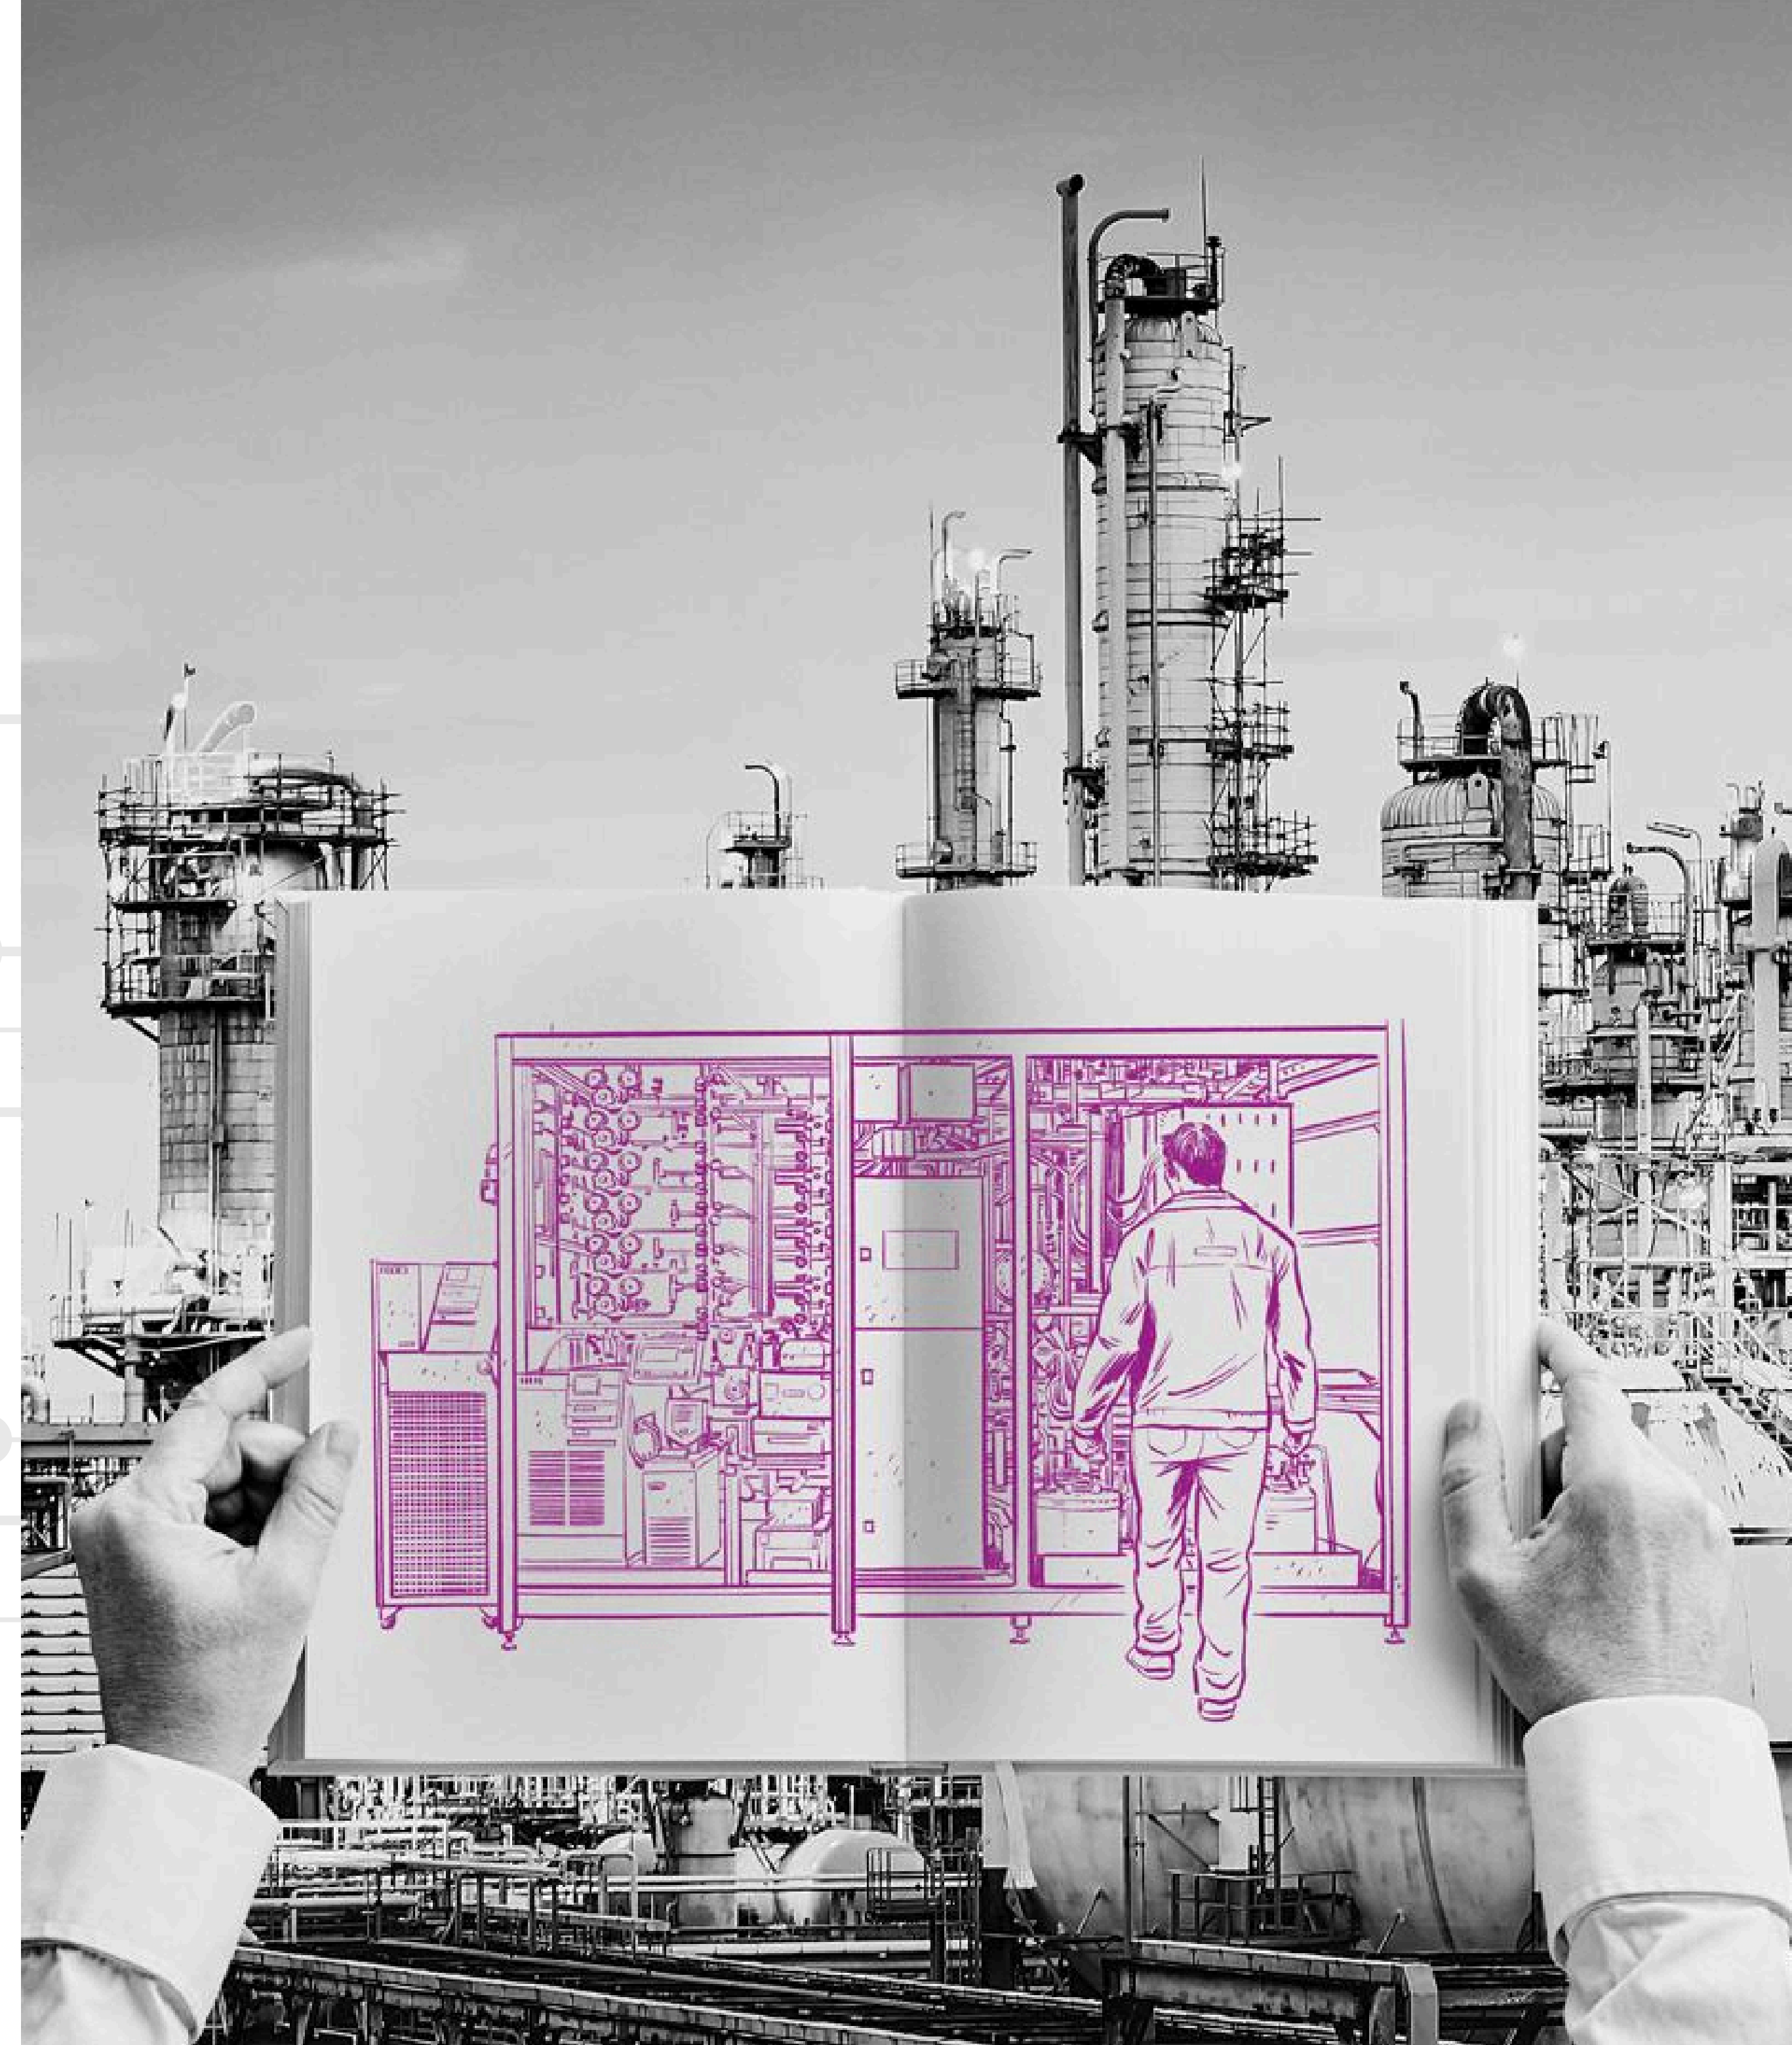

Evonik joins AUTOMA Chem 2026 as Host Sponsor, bringing global expertise in specialty chemicals, advanced technologies, and industrial operations.

With a presence in over 100 countries, the company combines innovation-driven solutions with strong process know-how, supporting customers across a wide range of industries. Evonik is transitioning to a new structure effective April 1, 2025, in which its operating businesses are organised into two segments — Custom Solutions and Advanced Technologies.

This streamlined model strengthens strategic focus and further differentiates innovation-driven businesses from technology- and efficiency-driven operations.

This direction positions Evonik as a key contributor to discussions on automation, digitalisation, and the future of chemical manufacturing.

At AUTOMA Chem 2026, Evonik's involvement highlights the importance of linking innovation with real industrial practice.

AMONG THE LONG-TERM PARTNERS OF BGS GROUP EVENTS

DELEGATES IMPRESSIONS FROM BGS GROUP EVENTS

Kelly Harred
Chief Customer Officer
Imubit

There's been some very insightful speakers on stage, very relevant topics in the industry. And as well we've seen both customers of ours here and potential customers.

Maikel van Iersel
Head of Process Technology
Hydrocarbons
Borealis

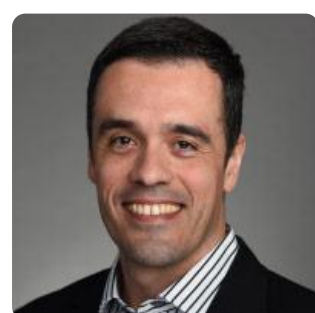

I think it has been very smooth. Best timekeeping I've ever seen. So that's for sure a very positive element. A lot of networking. A good facilitation, I've also not seen that before, where you are practically being approached, because there are companies interested in a talk.

Luigi Anselmi
Head of Construction
Tecnimont SpA

AUTOMA has become a community rather than just a conference. And this is the positive thing. That means that there is something, there is a strong foundation, upon which people believe.

Wander Ricardo Ferreira Lopes
Head of Business Management
Ammonia Based Chemicals
BASF SE

I've been to many conferences before, but I think the all preparation that you do on the apps and preparing for a good networking, all the work that you do behind the scenes. And the work with my personal manager was exactly the case. I think she did a very good job and really prepared me to make the most out of it.

Thomas Ludwig
LFO-Pool Manager
**Shell Energy & Chemicals Park
Rheinland**

AUTOMA is a good platform to get into contact with the latest innovations and technology and digitalisation but also automation. And I think it's good for us to get a calibration of where technology goes, where we are as a company and what way we want to go in the future.

Markus Hartung
Vice President, Head of Region EMEA
& Global Commercial Processes
Evonik Operations GmbH

Networking opportunities are fantastic at the conference, the breaks are longer than usual which is fantastic because over drinks and food you can connect with people, you can talk.

Jan Willems
Director Project Controls — Fluor Fellow
of Data Integration
Fluor

It's cool! I mean, you meet a lot of companies that are either working with us, partnering with us or are potential customers.

Alfredo Lopez Carretero
Global head safety, energy
and sustainability
Moeve Chemicals

It was useful to have somebody on top of us, in charge of every single detail. She has been very efficient and helping us to contact the suppliers that we were looking for, arranging meetings and solving every logistic feature. Very useful.

FOCUS EXHIBITION

Focus exhibition area has a limited number of exhibition stands; as a result, each segment will be presented by one or two companies. This helps the exhibitors to stand out among others and gives them the opportunity to find new connections for further collaboration.

Exhibition stand is printed and installed by the organiser. The participants need only to create the draft, come to the Congress and get the benefit of the participation.

DELEGATE PACKAGE*

Price: **2900 GBP**

Access to all formats of the event

Page in the E-catalogue: **700 GBP**

Gala Dinner participation: **290 GBP**

EXHIBITION STAND

Price: **7800 GBP**

The package includes:

- 2 delegates from your company*
- 2*2 m banner (printed and installed by the organiser)
- table, 2 chairs, power socket
- access to all sessions of the business programme
- access to coffee breaks, lunches and all networking areas

*Please note that 1 delegate means the attendance of 1 person. Change of the delegates during the event is not possible

Please, for details find the attached file [Sponsorship opportunities.pdf](#)

GALA DINNER: TASTE THE NETWORKING

Gala Dinner is not only about local cuisine and house wines, it is an additional opportunity to continue networking and to strengthen the new business relations.

Enjoy local cuisine, house wines, and soft jazz music while strengthening new business relationships.

Price: **290 GBP**

* Passes can be reserved by the attendees of the Congress only.
