Perfect that we will have it by 5 October. Thank you again, Eduardo!

Hi Eduardo,

Thank you so much for sending the document and I hope you had a lovely summer.

I just want to make sure we get everything right for your session, because it deserves to look as good on screen as it reads on paper. For that, we would need you to prepare the final slide file that our technical moderator will broadcast during your presentation.

Whenever you have a moment, could you send us a final PDF or PPTX with exactly what should appear on screen - whether that is just the title slide or a set of slides for each section? Our moderator will only project what is in that file, so it would be wonderful to have your finished version.

If possible, could you send it by 5 October? That would give our technical team enough time to test everything and make sure your presentation runs perfectly.

Warm regards,
Valeriia
